South of the Border

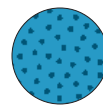

Having been raised in California, I have always had a great love for all things Mexican and south of the border. Sombreros, mariachis, salsa and fantastic foods were never far away. The Telegraph Road Moonlight 6 Collection captures the rich color and lively spirit of a culture older by hundreds of years than our own young nation. Not only does it evoke fond childhood memories, but the fabrics beckon me to play and create a fabric souvenir as a quilt! Deep, true colors on the blackest of black background scatter playful images of señoritas being serenaded and guitars strumming songs of love.
