

Baby Blocks (Makes 3)

“Baby Bear Flannel” quilt patterned in
Quilt Almanac 2009

Web Bonus pattern for blocks
by Kelley Walton

From the Baby Bear Flannel collection
by Michele D'Amore for Marcus Fabrics,
www.marcusfabrics.com

Materials You Will Need:

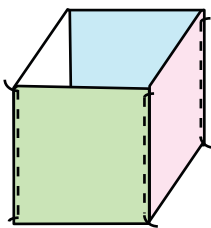

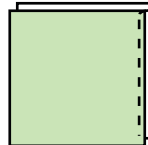

2 panels of animal motif blocks

Cutting Directions:

From the motif blocks, cut:
(18) 5-1/4" blocks, leaving a 1/4" seam allowance
around each block

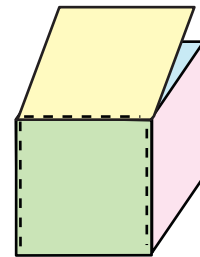

Sewing Directions: *(Seam allowance is 1/4" unless stated otherwise)*

1. Stitch two 5 1/4" squares together, starting and stopping 1/4" from the edges and backstitching as shown. (Make 2)

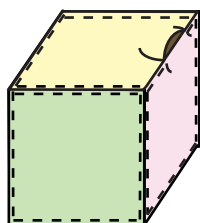

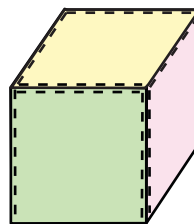

2. Join the two pairs together, starting and stopping 1/4" from the edges and backstitching to form an open cube.

3. With the right side turned in on the open cube, attach a 5 1/4" square to one side of the cube.

4. In the same manner, attach the remaining 3 sides.

5. In the same way, attach a 5 1/4" square to the open end of the cube, stitching three sides closed and leaving a 3" opening on the last side, as shown.

6. Turn the block, right side out. Stuff the block with fiberfill. Blind-stitch the opening closed.
